QUICK SET-UP GUIDE:

- DEVICE CHARGES WITH CABLE ONLY
  (faster charging is with enclosed adaptor)
- USE APPROPRIATE OPERATING SYSTEM (Windows XP,7,8,8.1)
- DEVICE IS NOT WATER RESISTANT

POSITION 1
CONTINOUS LISTENING

When you place the device on the table, with the connector facing up, like on the FIGURE 2, and you push the switch to the left you will activate the mode of continuous listening. In the basic module STronic UR125-075 the second number denotes the amount of hours in this case 75 hours that the device can record.

POSITION 2
VOICE ACTIVATION

When you place the device on the table, with the connector facing up, like on the FIGURE 2, and you push the switch to the right you will activate the mode of continuous listening. In the basic module STronic UR125-075 the first number denotes the amount of days in this case 125 days that the device can last in standby.

POSITION 3
SWITCHING OFF

When you put this device into Position 3, it will be SWITCHED OFF.
